53	36	Staypuft Marshmallows	578	-6	7	8	Glenn W.	Anaheim	CA

Thanks everyone for participating in our 11th season!

I usually send e-mail updates to the DT football during the season and between seasons. If you haven't been getting any e-mail updates then I must not have your e-mail address. Please send it to me as soon as possible so I can keep you informed on what's happening. Use preferably your home e-mail address, but if it is ok to use your work one that would be fine.

This year was a rough year, as we went through the September 11th schedule changes, the 800 phone line problems, cosmoslink webserver going down for a couple of days during week #16 and the data loss resulting from it, but hey we made it and this year I even wrote a VB/ACCESS program to calculate the data and improved the website!

The standings will be UN-OFFICIAL until January 27th (old super bowl day) ... then all prize money will be distributed if all is ok. Any protests or questions , please e-mail me at my e-mail address on the website.

We have many groups of friends who have an internal challenge on who finishes higher – both each week and at the end of the season. This makes the league even more interesting for some of you ... actually I know of at least 5 groups of people who do this right now.

We will allow new entrants every year, but we want friends , relatives and co-workers of yours that we can trust and who want to have some fun... Please don't ask just anyone to participate.....only those you recommend... As you saw with week #16 , for the first time in 11 years , we had to have re-submissions of picks after the week. Fortunately, we are more technologically advanced , so you get a receipt when you make your picks, but still it was a real bummerWe weren't too worried about cheating, since we know most players....the chances of something like that happening again is REALLY, REALLY SLIM, as I have added some safeguards behind the scenes, but nothing is 100% guaranteed ...

We can pretty much allow more players to participate, due to the website and the program I wrote. I wouldn't say unlimited, but we can allow many more now...

Hopefully, more people will use the web-site form as we try to steer away from using the phone message center. The message center will always be available for emergency use or sometimes a computer is not always available.

If you have any ideas for the future , please send them to me,. Some of you have sent me some ideas and as you saw (if I saw fit) it was implemented...

Glenn & Darryl
